Educational Objectives
• Discuss updates in lung surgery and how these advances will impact patient care in practice
• Describe the state of TB in Indiana and updates in treatment options
• Distinguish the different between Chronic Obstructive Pulmonary Disease (COPD) and Alpha, and gain strategies to treat these conditions
• Review the different types of pulmonary trauma and how these conditions impact patient care
• Identify patient education gaps and practice patient communication techniques
• Discuss Affordable Care Act updates and how these updates could impact physician practice
• Discuss the use of technology to treat medical conditions

Continuing Education Credits
This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Indiana State Medical Association (ISMA) through the joint sponsorship of St. Vincent Hospital and Health Care Center Inc. and the American Lung Association.

St. Vincent Hospital and Health Care Center Inc. designates this live symposium for a maximum of 5.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

As a sponsor accredited by the Indiana State Medical Association, St. Vincent Hospital and Health Care Center, Inc. must ensure balance, independence, objectivity and scientific rigor in all sponsored educational programs. All faculty participating in these programs must complete a disclosure statement indicating any real or apparent conflict(s) of interest that may have a direct bearing on the subject matter of the continuing education program. This pertains to relationships with pharmaceutical companies, biomedical device manufacturers or other corporations whose products or services are related to the subject matter of the presentation topic.

Oxygen Refills—Patients
Oxygen refills and wheelchairs will be available to attendees, courtesy of local area medical equipment companies.

More Information/Special Requests
Participants with special need requests should call 317-819-1181 or email Meghan.Mcnulty@LungIN.org by April 10. We are here to make sure you are safe and comfortable.

**Luncheon Speaker**  
In September 2005, Dusty Donaldson was working at Wake Forest University while pursuing an MBA when she was diagnosed with lung cancer. Since then, she has been a passionate lung cancer advocate. She volunteered with several nonprofits before founding her own. In March 2010, she started the Dusty Joy Foundation, dedicated to lung cancer awareness, early detection, and compassion for those touched by lung cancer. Dusty is a former journalist and public relations professional who now uses her journalism and public relations skills to raise awareness about the number one cancer killer.
