### ACCREDITATION

**PHYSICIANS:** This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Tufts University School of Medicine (TUSM) and the American Lung Association. TUSM is accredited by the ACCME to provide continuing medical education for physicians.

TUSM designates this live activity for a maximum of 6 *AMA PRA Category 1 Credits*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**RTS:** An application has been made to the American Association for Respiratory Care (AARC) for continuing education contact hours for respiratory therapists.

**NURSES:** This activity has been submitted to the Connecticut Nurses' Association for approval to award contact hours. The Connecticut Nurses' Association is accredited as an approver of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

### REQUIREMENTS FOR SUCCESSFUL COMPLETION

To receive continuing education (CE) credit, participants must sign-in, attend the activity and complete and submit the activity evaluation provided in syllabus materials. Partial credit will be awarded for attending one or more presentations. Certificates/statements of credit will be emailed within *six weeks of the activity*.

### GOAL, OBJECTIVES, COMPETENCIES

**EDUCATIONAL GOAL:** The goal of this activity is to improve the care of patients with pulmonary and critical care related issues by providing health professionals with increased knowledge and skills around new advances, best practice, treatments and services.

**LEARNER OBJECTIVES:** As a result of this activity attendees will be able to:

- Explain the imperatives and barriers for clinical trial data sharing
- Review genetic studies that demonstrate substantial overlap between findings in idiopathic pulmonary fibrosis (IPF) patients and in research participants with interstitial lung abnormalities (ILA).
- Evaluate new methods to diagnose, treat and prevent tuberculosis.
- Discuss respiratory health implications of energy use decisions at the hospital level
- Summarize the major health concerns associated with novel tobacco products.
- Provide support, evaluate and treat patients with respiratory limitations and complications of neuromuscular diseases.

This activity is designed to address the following ACGME/ABMS, IOM, and IEC competencies: Medical/Clinical Knowledge, Provide patient-centered care, Work in interdisciplinary teams, Employ evidence-based practice, Interpersonal/Communication Skills, Interprofessional Communication, Patient Care and Procedural Skills, and Teams and Teamwork.

Check the *MPS2020 Annual Meeting* page at [MassPulmonary.org](https://MassPulmonary.org) for full and updated accreditation information and policy details.
