- Explain the Basic Use of Ultrasound and the Principles Underlying Its Use

SATURDAY, SEPTEMBER 13

8:00 AM Daily Problem Cases
Presenter: Anthony A. Gal, MD, Emory University

8:20 AM Five Consecutive Cases of Open Lung Biopsy That Led To An Improvement In Outcome
Presenter: J. Terrill Huggins, MD, Medical University of South Carolina
Moderator: Marilyn Glassberg, MD, University of Miami Miller School of Medicine
- Review of Five Cases of Open Lung Biopsy That Led to an Improvement in Outcome

Continued . . . .
9:50 AM  
**Break In Exhibit Hall**

10:15 AM  
**Fellows (25-30 minutes each)**

Moderator:  
David A. Schulman, MD, Emory University

Presenter:  
Ali Ataya, MD

Presenter:  
Andres Alvarez, MD

Presenter:  
Sebastian Circo, MD

(5 minute break)

Presenter:  
Michael Lava, MD

Presenter:  
Rolando Sanchez, MD

1:15 PM  
**Wrap-Up**

6:00 PM  
**Reception in the Ponte Vedra Inn’s Great Lounge**

**SUNDAY, SEPTEMBER 14**

8:00 AM  
**Daily Problem Cases**

Presenter:  
Anthony Gal, MD, Emory University

- Improve Knowledge in Lung Pathology
- Enhance Clinicopathological Correlation

8:15 AM  
**Five Consecutive Cases of Bronchial Thermoplasty for Management of Asthma**

Presenter:  
Hiren J. Mehta, MD, University of Florida, Shands

Moderator:  
Brian A. Smith, MD, University of South Carolina School of Medicine

- Indications for Bronchial Thermoplasty
- Current Evidence and Literature Review

9:45 AM  
**Keynote Speaker: James R. Jett, MD, National Jewish Health**

Topic:  
Molecular Profiling & Targeted Therapy of Lung Cancer

Objective:  
To Delineate the Clinically Useful Molecular Markers and Markers that are Likely to be Useful in the Next Few Years

- To Delineate the Clinically Useful Molecular Markers and Markers likely to be Useful in the Next Few Years

10:45 AM  
**Year In Review – Best of 2013 Articles**

Presenter – Pulmonary (4):  
Timothy J. Scialla, MD, University of Miami

Presenter – Surgical (4):  
Francisco A. Tarrazzi, MD, FACS, FCCP, Memorial Healthcare System

- To Provide the Listener With an Overview of the Most Important Published Articles in Pulmonary Medicine in the Past Year

12:00 PM  
**ADJOURN**
