

2023 Climb Detroit Event Overview

Thank you for joining us for the 17th Fight For Air Climb Detroit. This is the current schedule of flight start times for each event. Flight times are scheduled approximately every 20 minutes.

8:00 a.m.	Ultimate Climber - Power Hour
9:20 a.m.	First Responder
9:45 – 11:10 a.m.	Firefighters
12:00 p.m.	Elite Climbers
12:15 – 1:40 p.m.	Climbers

Full Event Day schedule is subject to change.

Final flight times will be based on the number of participants in each event. **Climbers will receive their flight start time no later than Wednesday, May 17.** This information, along with Walk On Registration, will also be posted at www.ClimbDetroit.org.

Climbers will also be emailed an Event Week Guide the week of May 15 with everything you need to know about Climb Detroit this year. In the meantime, please see the additional information below and on the [FAQ page](#).

Bonus Climb!

Ultimate Climbers, Firefighters, and First Responders will have the opportunity to climb the Lower Level as part of a special fundraising incentive. This is a great option for those hoping to join their teammates or tackle the Lower Level later in the Event Day. To participate in this limited opportunity, you will need to indicate your interest by May 13 and meet the fundraising requirements by the **May 17 fundraising minimum deadline**. To **learn more or to sign up**, [please click here](#).

Climb Your Way - Virtual Climber

Can't join us on May 21? Climb Your Way. This is for VIRTUAL climbers who will not be joining us at Comerica Park.

Ultimate Climber - Power Hour

Held as a *Pre-Event* this year, you will be the first to Climb during the Power Hour. Ultimate Climbers will challenge the clock to see how many laps of the 300 Level you can complete in just 1-hour. Each lap covers 1,472 stairs. Ultimate Climbers will also be stepping up to the challenge by making a minimum fundraising commitment of \$250+. *Limited Registration.*

First Responder & Firefighter

Following the Power Hour, the First Responders will be the next event followed by Firefighters. Your route begins at the bottom of the stairs, where you'll proceed to 300 level. You'll weave up and down the 300 and 200 Upper Levels for an estimated 2,123 stairs which equates to about three-quarters of a mile.

Climb in full gear to compete in the annual Firefighter Challenge. EMT, police officers, military and other first responders who wish to participate on this route should sign up for the First Responder event.

Elite Climber & Climber

Following the Firefighter flights, the Elite Climbers and Climbers will take to the Lower Level where you will start at the top of Section 101 and weave up and down the aisles to cover the full Lower Level. Climbers will do a quick loop at the end to come across the Finish Line at the scoreboard. After an expansion last season, this route covers 1,316 stairs which equates to a little over a half of a mile.

Individuals who classify themselves as a competitive racer may want to sign up for the Elite Climb, which is scheduled in a separate flight ahead of the Climbers. This group typically finishes in less than 13 minutes.

Event Day Volunteer

Support Climb Detroit by volunteering on Event Day. [Register as a Volunteer](#) to join the incredible crew that helps to host the annual event. **Climbers who would also like to Volunteer during the Event Weekend should [please contact us](#) to sign up.** Visit www.ClimbDetroit.org for pre-event volunteer information too!
