Opening Ceremonies

Including All Participants

Following Opening Ceremonies, you will be asked your competition intentions within your wave. You'll decide if you are 'in-it-to-win-it', wanting to do your best, or looking to have some fun. This will help to streamline the flow, allowing those who are looking for a competitive time the space to do so while enabling others to take the stairs at a comfortable pace. Your intention will be denoted with a color-coded sticker placed on your bib.
